Specifications

Power
- Batteries included
- Battery capacity: 2600 mAh
- Power supply: 100-240VAC, 50/60Hz

Technical specifications
- Housing material: ABS

Green Specifications
- Heavy metals: Cd free, Hg free, Pb free
- Packaging material: PET
- Packaging type: Clam shell blister

Dimensions
- Blister dimensions (WxDxH): 17 x 25 x 6 cm
- Inner carton dimensions WxDxH: 17.7 x 27.2 x 19 cm
- Master carton quantity: 4
- Product dimensions (WxDxH): 12 x 7.5 x 2.35 cm
- Product weight: 0.096 kg

Product highlights

12V car plug
The charger has a special adapter that fits into the cigarette lighter socket of your car. This means that next to charging from the mains you can also do it when you are on the move.

Exclusive compact design
The exclusive stylish and compact design makes it easier for you to travel with the charger and even more fun to use.

Charge AA and AAA
The charger is designed to charge AA and AAA batteries.

Ready for worldwide use
An AC/DC adapter that can handle input voltages of 100 to 240V. By simply adding a plug converter for the desired country the charger can be used worldwide.

Smart charge protection
The special sensor detects when the batteries are fully charged and switches over to trickle charge to keep your batteries full and ready for use. The overcharge protection prolongs the life of your batteries by preventing the damage caused by overcharging.

Trickle charge
Rechargeable batteries all suffer from self-discharge over time. The automatically started trickle charge keeps your batteries full and ready for use when they are kept inside the charger and in the power outlet.

2600 mAh MultiLife AA included
The amazing 2600 mAh of energy keeps your digital camera and other ultra-high energy users going even longer.
